

Child Health Conferences

Our pediatric well-child clinic is held the second Tuesday of every month. Our public health nurse, Alison Roa, and pediatric nurse practitioner, Karyl Reid, provide physicals and immunizations. Our health clinic for children provides free vaccination with the Vaccines for Children (VFC) program. VFC provides vaccines recommended by the federal Advisory Committee on Immunization Practices. Eligible children include those who have no insurance or are under-insured.

Appointments required.

Please call our public health nurse at 201-804-2505 to schedule an appointment or to ask questions.
